

Remote Working Capabilities Snapshot

Sample Report

About this report:

BestWork Remote Working Capabilities Snapshot This chart helps identify those individuals whose strengths are the best match for working remotely. There are three critical factors that affect a person's ability to work successfully in a remote or virtual situation. An individual may be highly successful working in a normal office environment, but they may be challenged by the different demands of remote working. This inventory is designed to assist companies in positioning their human resources in the most effective way, so that each person has the best opportunity to succeed.

Capability				Capability			
STRUGGLES WITHOUT STRUCTURE & PROCESS OF THE OFFICE		○					CONSISTENT HABITS & PROCESSES FOR REMOTE WORKING
LOOSE TIME MANAGEMENT MAKES REMOTE WORKING DIFFICULT			○				GOOD TIME MANAGEMENT HELPS REMOTE WORKING
LOW NEED FOR INTERACTION WITH OTHERS IS GOOD FOR REMOTE WORKING						○	STRONG NEED FOR INTERACTION MAKES REMOTE WORKING CHALLENGING
